Joint Service with St Thomas'
Celebrating Farming and
God's abundant generosity

Sunday July 20th 2025

10.30am at Hollin House Farm,
Back Lane, Aughton, L39 6SX

Come and see and bless the crops,
watch tractors drive themselves
and enjoy the amazing abundance of God.
There will be something for young and old,
and shelter if the weather is poor.

With grateful thanks to
Andrew and Margaret Webster for hosting.

The Rector Writes

How clean is your car? It can hardly be worse than mine. Sometimes this can be a blessing. Recently I was rummaging in the boot when I spotted an errant till receipt. It was dated 24th March this year, from the Tesco filling station in Porthmadog.

Suddenly I was transported back to the short break Neil and I had in Portmeirion. The first day was a bit grey and rather chilly, but this was followed by a couple of glorious sunny days as we enjoyed the beautiful scenery of North Wales and the immense pleasure of being looked after for a few days.

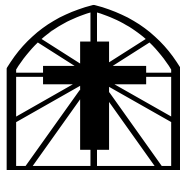

Ordinary things have the power to transport us to remarkable times and places. That is one of the reasons why St Cuthbert's inspires so many. It is not just the architecture, as impressive as it is, but the hymn book dedicated to a long dead relative. It is the ordinary as well as the extra-ordinary that can transport us beyond ourselves.

This is at the heart of our familiar sacrament of Holy Communion. A piece of bread that would normally pass us by as entirely mundane and uninteresting, is transformed into something that speaks of the eternal love of God, that opens the spiritual channel between us and God, that brings to mind the whole Gospel account of the sacrificial love of Jesus Christ. Another world opens for us in a small piece of bread and the merest sip of wine.

The incredible thing is that God can work the same way through each one of us. When we are attuned to the presence of God in our lives, we mere mortals become vessels in which the Holy Spirit finds a home and through which the light of Christ shines, to bring hope to the people we encounter. Each one of us has the potential to bring to life a world of love and hope as we go about our daily lives. That is at the heart of building community and was at the heart of our growing together weekend in May.

Thank you to all who joined us over the three days. We hope to be able to share the outcome of the community survey soon.

God Bless Susan

Service in the

Judging has now started so we can expect 4 visits from judges over the next 6 weeks, so please pick up any litter you see round and about and keep an eye on the frontage of any property you are responsible for.

Every little helps! Thank you

Halsall Village Proud & Tidy Group

At the time of writing we are all hoping for some rain! The new plants in Bishops Walk are surviving, but not flourishing yet! Luckily, the roots had chance to establish earlier in the month, so on the whole they are doing ok.

Luckily the area is in semi-shade and once we get some rain they will start perking up and spreading to cover the bare ground.

Our dates for working parties in June to weed and tidy up will be posted on the Halsall Community FB page and also emailed directly to all those on our volunteer list

Halsall Scarecrows 2025

June is here and with it, we hope,
your Scarecrows!

We will be looking out around Halsall and the surrounding area for scarecrows and admiring your wonderful ideas.

For those of you taking part in creating, we ask that you display your scarecrow in early June so they can be enjoyed for the whole month.

Our Scarecrow Trail is planned for **June 21st & 22nd**. Trail maps can be purchased on both days **between 11am-4pm**. Please note: **CASH ONLY** purchases are available for trail maps.

Look for us outside Bamber's Solicitors, opposite St Cuthbert's church.

Come and enjoy a walk around our lovely village, spot some scarecrows and maybe even win a prize.

More details are available on our Facebook page:

<https://www.facebook.com/halsallscarecrows> and will be shared on Halsall Village Community Page.

To support this community event, **St Cuthbert's Church** will be open over the weekend.

Refreshments of tea, coffee, juice, and cake will be available.

Anyone who wants to come along to sing or play a musical instrument in church, to experience the wonderful acoustics, is invited to **COME ON IN** ☐

All will be welcome to have a look around our historic church in-between your scarecrow spotting!

The Bees and Butterflies Brigade June 2025

Thank you to everyone who helped with our plant sale and planting over the Open Church weekend in May. You are all so hard-working and supportive! Thank you to all those who bought plants, too – the money raised will help us with our autumn planting projects.

We have lots of reasons to be proud of all the planting we have achieved over the last eighteen months. Not only is it all looking healthy and attractive, but it's starting to pull in our pollinators and other insects. Here are some of the highlights from the Memorial Garden this spring.....

In the dry, mossy areas under the trees, queens of Buff-tailed and White-tailed bumblebees have been flying low over the ground, looking for holes and tunnels where they can nest. They've been using aubretia and lungwort to stock up on nectar, too! In late April there were fledgling blue-tits fluttering around one of our bird boxes (as if it was their home) and I found ladybirds in quite large numbers emerging from dried leaves in our log piles and from under our ha-ha plants. Black beetles often scuttled away when I moved a log or stone – this is great news for hedgehogs because beetles are one of their favourite foods.

In the ha-ha, the ox-eye daisies have been growing strongly and seem to be dominating our wildflower planting this year. Wild carrot, hedge parsley, foxgloves and red campion can be seen, too, but other perennials are taking longer to establish and may not make their presence known until next year. The planting does look lush, though, making a mini-meadow where insects can hide, feed and lay their eggs.

Visits from Orange-tip and Speckled Wood butterflies have made me smile. Whilst a female Orange-tip looks very like a large white (white with black wing tips) the male Orange-tip is particularly beautiful because of the bright orange splash on his white wings. A Speckled Wood is quietly beautiful, with wings of buff and brown which help to camouflage it against bark and foliage. This butterfly usually flies in partly-shaded woodland with dappled sunlight, and I've seen them on shady parts of the canal as well as in the churchyard. Whilst neither of these butterflies are species of conservation concern at the moment, the numbers of both species have dropped significantly since 2019 according to UK monitoring programmes like "The Big Utterfly Count". It's fantastic that our planting is supporting them because butterflies are an indicator species – if butterflies are doing well, then many other species are doing well, too. If you'd like to find out more about UK butterflies and moths, the charity "Butterfly Conservation" has a lovely website where you can find plenty of pictures and key information.

If you have time, choose a sunny afternoon and take a moment to sit quietly beside our wildflowers – it won't be long before nature will reward you.

Friends of the Green (FROGs) annual report 2025

The Shirdley Hill Green is the heart of the village, and the FROGs have had a busy time making several improvements during this year.

The pond is looking good with plenty of water lilies and other waterside plants emerging. Every year we remove some of the bullrushes to prevent them taking over.

Floods took their toll over winter and we lost a couple of trees. We added bark chips to the wild paths and will need to add more again this year to keep them in good order. The raised beds helped mitigate the impact of the flooding. The newly planted raised bed for the shrubbery did very well last year, with bulbs and wildflowers added between the shrubs to fill the space and provide colour until the shrubs are better established. The wildflower patch was also flooded, and a new raised bed was constructed in this area and filled with a donation of topsoil from local farmer Roy Webster. This has been seeded up with good quality wildflower seeds.

The new corner plot is taking shape and the rose and lavender raised bed is doing well with several new good quality David Austin roses planted last year.

Weeds are a constant problem, and we do our best to keep them under control. The sensory plot had a major problem with equisetum (Mare's tails), but we have managed to reduce the impact of these persistent weeds in this area, just by constant removal. The grasses plot, the fernery and other raised beds are looking good and have done well.

Moles are a constant problem on the Green. The mole soil is collected and used, but the molehills can be unsightly until this can be done. James Forshaw does a great job mowing the grass and cutting the hedges.

The birdboxes were well used last year and have all been cleaned out ready for use this year. The log piles provide a haven for the wildlife in the undisturbed wooded areas.

The compost system continues to provide plenty of mulch and nutrients for the flower beds, pots and around the trees.

The 'twigwam' was removed as much had died and was unwieldy. New willows whips have been planted around the base in the hope that they will eventually provide enough growth to create a new canopy next to the pond.

A large Christmas tree was donated by local residents. The Parish Council assisted with funding for lights and about a hundred members of the village came together to celebrate switching on the lights, sing a few carols and enjoy traditional fare. We have recently enjoyed two major events around VE-Day.

The Green is well used by families coming for a picnic for organised event or to play football but especially by the elderly and dog walkers. The pavements in the village are in a poor condition, and the Green provides a safe place for people to walk and exercise.

In the Lancashire Best Kept Village competition, we came top in the garden category.

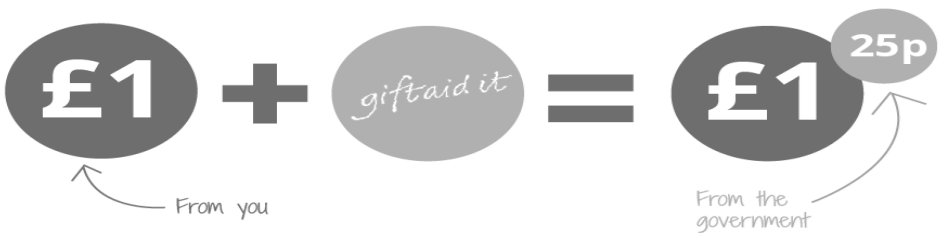

We have had a busy year, and have achieved a lot, but we could do with more help, so if anyone is able to come along and join us, you would be most welcome. We meet at 9:30am every Tuesday and Friday, unless it is pouring with rain and we work throughout the year.

The Recreation Ground was purchased by the residents of Halsall in 1949 and became a Charity in 1964. In 2008 the Parish Council became responsible for the administration of the Charity, but it is still held in Trust for the residents of Halsall (it is not owned by the Parish Council).

The 'Trust' needs to raise £20,000 per year to meet its costs to cover the Hall, the Café, Snooker, Cricket & Football facilities as well as the children's playgrounds and open recreational space.

Gift Aid is a potential new source of income and this first year raised £176 donation from HMRC taxman. This has the potential to be a significant source of income. You send us £2.00 and the taxman sends us another 50p.

With digital banking it only takes a few minutes to setup a small monthly donation. We need your name, address inc postcode in case the HMRC want to check that you are a UK taxpayer. (they do not contact you). We will then send you our sort code and bank account number.

So please contact us at **HalsallTrust@gmail.com** and agree to pay a few pounds per month and help support the Recreation Ground and its facilities.
